

ZenPlanner to Wodify Billing Cycle Transition

2 dates to consider:

End of your current billing cycle in ZenPlanner

July 1st will be start of new billing cycle in Wodify

EXAMPLE

Pukie the Clown has an unlimited membership at \$110.00 per month. The end of his billing cycle in ZenPlanner is June the 17th.

Pukie will be prorated for 13 days, which is June 17th to July 1st. That amounts to \$47.58

After that final transitional cycle, Pukie's new billing date will always be the 1st of the month.

Pukie's Invoices will look like this:

June 17th to July 1st = \$47.66

July 1st = \$110.00

August 1st = \$110.00

September 1st = \$110.00

Etc.

The math (Pukie hates math): 30 days in the month of June. Take your membership fee and divide by 30.

example: $\$110.00 / 30 = \3.66 per day

13 days left in billing cycle so $13 \times \$3.66 = \47.58
